25 September 2020

Dear Robert

On 30 June, the Prime Minister announced that government is bringing forward £5 billion of capital investment projects, supporting jobs and the economic recovery.

As part of this, we brought forward £81.5m from the Towns Fund for investment into capital projects that would have an immediate impact on the town. Scarborough in your constituency was offered a grant of £750,000 and asked to propose a suitable project.

I am pleased to confirm that £750,000 in funding will be made available for the projects listed in Scarborough's proposal. The lead council should receive this money via a S31 grant on or around 30 September.

As you know, the Towns Fund aims to unleash the economic success of towns and high streets across the country, levelling up communities and ensuring everyone can contribute to and benefit from economic growth.

The impact of Covid-19 makes these investments more important than ever. We know the past few months have been hugely challenging for communities across the country. We want to make clear our commitment to investing in towns and making a difference to the lives of people living and working in them.

Thank you very much for all your support so far. I am really excited by Scarborough's plans and look forward to continuing to work with you and all the partners to make them a reality.

Yours,  
Robert.

**RT HON ROBERT JENRICK MP**
